Long-term accommodation

Private rental

It's possible to rent a big flat if there are about 3-4 of you. Please note that the flats are not furnished. The number of rooms in a flat does not refer to bedrooms but to the total number of rooms, this means that a four-roomed flat might only have 2 bedrooms.

Below you will find a list of websites (in English) for entire flats or for single rooms.

- boligsurf.dk
- www.boligportal.dk

- www.housingtarget.com

If you google 'bolig aarhus', you will get a lot of hits. Unfortunately, many of the sites are only in Danish but Google Translate can help you understand the text.
